

A TRUE CANADIAN ROCKIES EXPERIENCE

Experienced outdoor enthusiasts — come and challenge yourself to reach new heights or let us guide you to new Rocky Mountain adventures. We offer multi-day hikes, snowshoe or ski tours, summer rock climbs and winter ice climbs.

Rustic cabins in a tranquil setting provide an ideal and fully-catered opportunity for individual or group retreats. Great for those looking to get away from everyday life, devote time to personal reflection or just relax and recharge their batteries.

Let Skadi Wilderness Adventures arm you with the necessary knowledge and techniques to prepare you for a lifetime of outdoor enjoyment. Single- or multi-day courses based from our cabins permit realistic and real-time exercises. The best part? No need for classrooms.

Skadi Wilderness Adventures provides an in-depth focus on the critical relationships between animals, humans and nature within the ecosystem. We also offer formal instruction on the principles and application of Leave No Trace ethics.
