## New choices, same great commitment

This summer brings the launch of more new and exciting selections at our local Tim Hortons locations. They have recently introduced their famous Iced Capp with a new twist. The Chocolate Chip Iced Capp adds chocolatey syrup, whipped topping and mini chocolate chips to create a creamy new taste indulgence. Tim Hortons will keep you cool all summer long!

In keeping with their long-standing tradition, Tim Hortons continues to reach out with amazing support for our local community, once again participating in the Smile Cookie campaign with proceeds towards our hospital centre; sponsoring both Mutton Bustin' and a chute at the Rocky Rodeo; as well as free coffee to a whole host of community groups such as the Mountain Rose Women's Shelter, the Crimson Lake Trail Run and Rocky and District Victim Services Unit just to name a few. June 6 will see the celebration of Camp Day 2018 with 100% of coffee sales and Camp Day bracelet sales going to the Tim Hortons Children's Foundation. Each year the Foundation sends 20,000 low-income youth to camp and provides them with the opportunity to learn and grow, and makes a long-term commitment over five years to help them bring back knowledge and experience to enrich their home communities.

**Tim Hortons would like to thank everyone who continues to help make it possible for them to support so many great local programs – let's keep it going for years to come!**
